GOLD PENS. TOHN HOLLAND'S PATENT RECORD GOLD PEN.

PATENTED October 2, 1872, is the highest achievement in the manufacture of Gold Pens, and the result of experiments for more than twenty years. The "RECORD" PEN is prodaced by a skilful combination of the two precious and non-corresive metals-16 karat GOLD and PLA-TINUM-while the ordinary gold pen contains an alloy of copper, reducing its fineness without yielding that elasticity, density, and steel-like temper which the costly platinum supplies. The "REC-ORD" GOLD PEN-POINTS are of the best Iridtum (diamonds), indes: ructible with fair treatment, and polished to glass-like smoothness.

Steel-pen writers have now every objection to gold furly overcome, and every requirement in a pen which will endure and not oxidize, squarely met. The "RECORD" GOLD PEN is guaranteed to possess durability, permanency of spring, and perfection of point. Price. \$2.50. Sold by all jewellers and stationers in the United States. THAT BOGUS PERFUME-VENDER, AGAIN .-Some days ago we published a notice of the man who was going the rounds selling perfumery and promising to furnish paper bags and other articles of that kind, and who never complies with his promises, but gets the money and leaves. The following letter also refers to the same bogus concern:

PAMPLIN'S, VA., April 29, 1879. Editors Dispatch: A man travelling in a new top-buggy visited the village of Pamplin's last Thursday, vending perfumery, and promised to furnish a lot of wrapping-paper, bags, &c. He professed to represent the house of F. A. Wood & Co., Richmond, Va. He also represented bimself to be a Mason. He wore a Masonic pln on his shirt-bosom, and a seabean, with the square and compass on it, as a watch-charm. From what I have seen in the Dispatch, he is evidently the same man that Captain John Poe is looking after. He was going in the direction of Lynchburg. The "craft" will take due notice thereof, and govern themselves accordingly. HASTILY.

PERSONALS AND BRIEFS.-Police-Justice Joseph J. White was out upon the streets for a short time vesterday. The Art Exhibition at the Virginia Opera-House is open night and day.

A great many people have come to the city on the Cinderella excursion tickets. The opinion of Judge Wellford in the case of the State against General Bradley T. Johnson will be ready when the Court meets on the third Monday in May. At the election this fall Richmond will

choose four delegates and Richmond and Henrico two senators. There are only sixty prisoners in the city jail. Acting Police-Justice Crutchfield doesn't believe much in imprisonment for

old offenders. The R. L. I. Blues (Captain John S. Wise) will celebrate their eighty-sixth anniversary by a parade through the streets and banquet at Clarke's Spring on Saturday the 10th in-

stant.

At the Police Court yesterday a few trifling cases were disposed of. Miss Pettit, a young lady residing in Goochland county, a few weeks ago had a kerosene-oil lamp to explode in her hand, and was painfully injured about the face and neck. Under the treatment of Dr. W. T. Walker she has entirely recovered, and

without being in the least distigured. Among the visitors from our sister State, North Carolina, is one of Raleigh's most prominent lawyers. E. R. Stamps, Esq., of the State penitentiary at Raleigh.

The delightful weather of the past few weeks gives promise of a more than usual supply of flowers, and the ladtes who manage this Association anticipate a larger attendance and a more profuse display of floral offerings than heretofore. Under the supervision of the ladies, with the aid of the efficient superintendent of the grounds, Mr. W. L. Smith, not only the soldiers graves, but the whole grounds are neat and in perfect order. All persons interested in perpetuating this custom are invited to be present. The First Virginia regiment have promised to be present on the occasion.
